"O LORD, You have searched me and known me. You know my sitting down and my rising up; You understand my thought afar off. You comprehend my path and my lying down, And are acquainted with all my ways. For there is not a word on my tongue, But behold, O LORD, You know it altogether. You have hedged me behind and before, And laid Your hand upon me. Such knowledge is too wonderful for me; It is high, I cannot attain it."  
Psalm 139:1-6 (NKJV)

It is amazing to try and comprehend the breadth of the knowledge of God, as well as His sovereignty and plan for our lives. Many times we think we know what is best, what we need, and what we should be doing. But God knows us better than we do.

The month of December was an amazing month of encouragement, spiritual nourishment, and enjoying the blessings of family and friends. The children were involved in a Christmas program with their home-school group, a Christmas program at our local church, and caroling at a couple of nursing homes in the area. Once again we enjoyed cutting and decorating our Christmas tree. We have also been fed, encouraged and blessed during our weeks at home while spending extra time with our church family. Brenda played piano for a couple of services and Brian is working on installing two new projectors. During the holidays we had special times with our extended families.

We spent several days this month cleaning, sorting, and purging as part of our downsizing effort. We even had a good laugh about the thought of buying a second canvas tent for our garage sale items. :)

We are very excited to share how God has blessed our support level; we have surpassed the 20% mark. An individual increased support while three individuals and one more church joined our support team! We are eagerly anticipating what God has in store for us in 2015! Thank you for your prayers and for keeping up with us through our monthly newsletter.

Fulfilling the great commission together,

*Brian, Brenda, Amanda, Luke, Nathanael and Rebekah Krueger*

Cantonment, Florida site update: The plywood sheeting has been installed as well as the roof liner. This means the building is "dried" in. The interior walls and framing for bathrooms and nurseries are up. They are preparing to insulate the building next week with spray foam. They have also started working on the electrical.
