*"Teach me to do your will,
For you are my God;
Your Spirit is good.
Lead me in the land of uprightness." Psalm 143:10*

The month of February brought us many teachable moments. February 8 & 9, we attended the state couples' retreat in Johnston, IA. We enjoyed fellowship with friends and family as well as refreshing time together studying God's Word on marriage.

Brenda attended the Biblical Counselling Conference in Lafayette, IN where she attended sessions that focused on women's issues and counselling women. She is looking forward to future ministries with the women she encounters and is praying that God will use the training in her life as well. The week also provided many opportunities to fellowship with other women. While Brenda was at the conference our kids enjoyed a week at their grandparent's house.

Brian has finished installing a set of projectors for our local church that he started in December. Our sound booth computer can now display an image in front of the sanctuary as well as in the back. There were many challenges and a lot of cables had to be pulled in the narrow attic crawl space. He was very thankful for a friend from church who is always willing to help. It is neat to see how God used even this to prepare him for future build-site work.

One of the weekends we were home we took the family sledding and enjoyed special time together. We were thankful for the opportunity to minister to Faith Baptist Church in Danville, IA. It was a great encouragement to renew friendships with both of their pastors. The kids had fun with toys at the pastor's house—especially the construction toys! We cannot express how much of an encouragement your prayers and friendships are to us! We praise God for another individual supporter this month and continue to stand in awe of His work in His ministry.

Fulfilling the great commission together,

Brian, Brenda, Amanda, Luke, Nathanael and Rebekah Krueger

KID'S CORNER

What is your favorite subject in school?

Amanda (10) - "Reading, history, or science."

Luke (9) - "Challenging word problems."

Nathanael (6) - "Print Wacky Sentences, because it is the shortest."

Rebekah (4) - "My math stuff, I would think the magnets part the best."

Cantonment, Florida site update: The local contractor has finished the outside brickwork. The electrical and heating/cooling inspections have passed which means they can start hanging sheetrock. The platform in the sanctuary is being built and the baptismal is in place. And they have started to pour some of the sidewalks.
